MEMORANDUM FOR: Deputy Director

SUBJECT : Personnel and Fiscal Needs of the Department of State

REFERENCE : Memo dtd 19 Dec 50 by [redacted] subj:
"Functions of the Office of Research and Reports."

25X1A

1. Paragraph 1 of the attachment to the referenced memorandum indicates that State may ask CIA for space in 2210 E Street.

2. The building at 2210 E Street houses the principal activities of the Security Division and is now fully occupied. With the necessary expansion of this Division due to the change in policy of the FBI, it will be impossible for us to allocate any space in this building for the State Department.

3. The above is for the record so that Administration may be given full opportunity to present its dissent regarding allocation of such space to State should the question arise in future negotiations.

15/
MURRAY McCONNEL
Deputy Director
(Administration)
